## **DETAILED ACTION**

### ***Response to Amendment***

1. In the amendments filed on 11-06-2003, Applicants indicated that claims 23-26 were cancelled. However, in the amendment filed on 03-08-2004, Applicants indicated that claims 23-26 were withdrawn as non-elected invention. Once applicants canceled claims 23-26, applicants cannot put these claims back in the pending application. In order to avoid any confusion for the current status of claims 23-26, the examiner will cancel these claims by the examiner's amendment below.

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

3. The application has been amended as follows:

#### In the claims

In claim 13 line 3, please replace "therebetween" with --there between--.

In claim 15, please insert the period (".") at the end of the claim.

Please cancel claims 23-26.

### ***Allowable Subject Matter***

4. Claims 1-6, 13-22 are allowed.

Art Unit: 1765

5. The following is an examiner's statement of reasons for allowance: The cited prior arts fail to disclose or suggest one of the following step in conjunction with all other limitation in the claims: removing the second conductive barrier layer and dielectric layer from the vias and overlying trenches not covered; or removing the second conductive barrier and dielectric layer from selected ones of vias and trenches; or removing the dielectric layer from the dielectric layer from the capacitor structure from selected vias and trenches, leaving a first conductive barrier in the selected vias and trenches. The prior art (Akers) teaches to remove the barrier layer and dielectric layer outside the trench and vias structure. However, the dielectric and barrier layer inside the trench and via is needed and therefore it cannot be removed.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***
